PROLOGUE

宁波诺丁汉大学是中国第一所经国家教育部批准引进世界一流大学优质教学资源并具有独立法人资格、独立校园的中外合作大学，自主开展教育教学活动。引进世界百强大学英国诺丁汉大学的教学资源与质量保障体系，招收国内外本科生、硕士研究生和博士研究生，是中国第一所普及小班化、全英文课堂和导师制度的大学。最值得一提的是宁波诺丁汉大学办学接受国际第三方评审机构监督，是唯一获得英国高等教育质量保障署（QAA）认可的中国高校。**2020 年 5 月上海软科公布的“中国最好大学排行榜”中，宁波诺丁汉大学位列全国第 68 位、浙江省第二位。**

The University of Nottingham Ningbo China (UNNC) is the first Sino-foreign cooperative University approved by the Chinese Ministry of Education with an independent campus and independent legal personality to bring in high-quality instructional resources. UNNC has successfully introduced the teaching resources and quality assurance system of one of the world's top 100 Universities, the University of Nottingham (UK). At UNNC we recruit domestic and foreign undergraduates, in addition to master's and doctoral students. UNNC is the first University in China to popularize small classes, full English medium classrooms and mentoring program. Most notably, UNNC accepts the supervision of an international third-party accreditation body and is the only Chinese university to be accredited by the British Higher Education Quality Assurance Agency (QAA). **The May 2020 Shanghai Ranking shows that UNNC ranks 68th in China's Best University Ranking, and ranks 2nd in Zhejiang Province.**

在科研方面，宁波诺丁汉大学凭借独特的优势，整合海内外优质科研资源，特别是利用英国诺丁汉大学与国际企业、欧盟等机构的伙伴关系，结合地方发展需求积极开展跨国跨界跨学科科研合作和学术交流，促进技术转移和成果转化。2019 年 1 月，软科发布“2019 中国最好大学排名”，宁波诺丁汉大学“科研质量”这一核心指标得分位列榜单最高。宁波诺丁汉大学以“汇聚全球智慧，解决地方难题”为己任，不断加强科学研究实力，以期在科研方面取得更卓越的成绩。

In terms of research, UNNC relies on its unique advantage of integrating high-quality domestic and foreign scientific resources. UNNC actively fosters partnerships between the University of Nottingham, UK, international companies, and the European Union, within a local development framework. In this way, UNNC actively develops transnational, cross-border, and interdisciplinary research cooperation, academic exchanges and thus promotes technology transfer, achieving results in a relatively short period of time. In January 2019, Shanghai Ranking released the "2019 Best Universities Ranking in China" with UNNC ranking highest in the core index of "scientific research quality". With the mission of "gathering global wisdom and solving local problems", UNNC has continuously widened its scope in order to make further achievements in scientific research.

2020 年是非常特殊的一年，新冠肺炎疫情给全世界带来了深远的影响。面对疫情，宁波诺丁汉大学始终把学生和教职员工的健康和安全放在首位，力保教学进度与质量不受影响。在全体师生的共同努力下，学校顺利平稳“重启”，成为春季学期国内唯一一所全面复学复课的中外合作大学。

2020 has been a unique year with the global impact of the COVID-19 outbreak. In response to the epidemic, UNNC has always put the health and safety of students and staff first, and ensured that the teaching schedule and quality of teaching and learning were not affected. 2020 届本科毕业生 去向分析

Analysis of the 2020 Mainland Undergraduates Destinations

(一) 按院系和专业分析 By Faculty and Programme

通过对 2020 年 7 月毕业的 1528 名高考统招全日制本科毕业生的去向数据进行系统采集和电话回访，毕业六个月后的回复率达到 100%。结果显示，截至 2020 年 12 月 30 日，**就业率达 92.2%**。**继续升学人数占总毕业生人数的 83.3%**，直接工作人数占总毕业生人数的 7.5%，从事自由职业的比例为 0.9%，从事自主创业的比例为 0.5%（图 2-1）。受到新冠肺炎疫情的影响，2020 年的就业形势变得严峻而复杂。尽管如此，宁诺毕业生们迎难而上，积极应对。学校就业办多措并举推进就业工作，创新线上服务，不断提供就业指导。在多方的共同努力下，2020 届学生的就业情况基本保持平稳，升学质量再创新高。另外，部分已经取得海外院校录取的学生因疫情原因放弃入读，学校按照实际情况归为待就业。未决定去向的学生有的选择国内考研，有的在名企或在顶级科研院所实习，期待明年申请更高层次的海外院校，还有的在准备 CFA/FRM/CPA/ACCA 等职业技能资格考试。虽然他们还未确定去向，学校充分尊重他们的想法，并提供后续的就业指导服务，助力高质量的就业。通过对 2019 届去向未待定的学生的跟踪，他们在毕业后一年后有收到伦敦艺术大学，杜克大学，卡耐基大学，罗切斯特大学等世界名校录取通知书。

A recent survey of 1528 graduates, recruited through the Chinese National College Entrance Examination (Gaokao) and who graduated in July 2020, received a 100% response rate.

Results show that six months after graduation, as of December 30th 2020, the employment rate had reached 92.2%. 83.3% of the graduating class of 2020 went on to further study, and 7.5% of graduates went directly to work. 0.9% were engaged in freelance work, and 0.5% founded their own business (Chart 2-1).

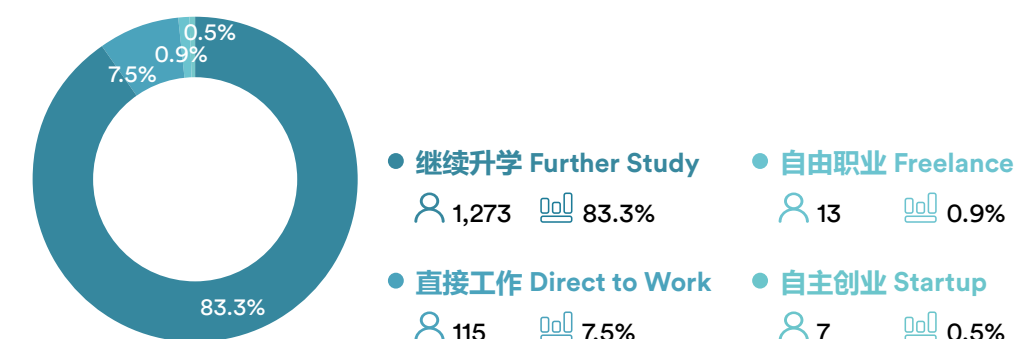

Due to the impact of Covid-19, the employment of 2020 graduates was more complicated than would be usually expected. Nevertheless, UNNC graduates took on these challenges and responded positively. The school's career office took multiple measures to work on students' employability, innovate online support services, and continuously provide career advice. With these joint efforts, the UNNC employment situation of the Class of 2020 has basically remained stable, and the quality of further study has reached a new peak.

In addition, some students who had been admitted to overseas universities gave up their offers due to the epidemic, and the schools classified them as unemployed due to this situation. Among graduates who have not decided their destinations, some of them have taken the opportunity to sit the National Graduate Entrance Examination, some of them participate in high-quality internships for applications next year, and some others have prepared for professional certificate testing in CFA/FRM/CPA/ACCA. Although those graduates have not decided on their final destinations, the university fully respects their choice, and continues to provide employment services, helping them find employment in order that they may realize their full potential.

By tracking the destinations of unemployed graduates from 2019 one year after graduation, we have found that they were admitted to the University of the Arts London, Duke University, Carnegie Mellon University, and the University of Rochester.
