

# CALL FOR SPECIAL SESSION PROPOSALS

IEEE CPE-POWERENG 2026

IEEE International Conference on Compatibility, Power Electronics, and Power Engineering

Sponsored by the IEEE Industrial Electronics Society (IES)

Ningbo, China, June 19-21, 2026

[www.nottingham.edu.cn/go/CPE-POWERENG-2026](http://www.nottingham.edu.cn/go/CPE-POWERENG-2026)

## **Proposal Submission Instructions**

The proposal should include the following information:

- Title of the Special Session
- Full contact (emails and affiliations), a short IEEE style bio and a recent high resolution headshot photograph in JPEG formation of the Special Session organizers
- Key Words that are descriptive of the topic covered by the Special Session
- Approximately 300 words description of the proposal
- 10 prospective authors

## **Important Dates**

Special Session Proposal Deadline	15 December 2025
Special Session Acceptance Notification	15 January 2026
Special Session Paper Submission Deadline	15 April 2026

## **Special Session Chairs**

Naki Güler [gulern@gazi.edu.tr](mailto:gulern@gazi.edu.tr)

Alberto Castellazzi [alberto.castellazzi@kuas.ac.jp](mailto:alberto.castellazzi@kuas.ac.jp)

## **Proposal Selection**

The special session proposals will be evaluated based on:

- Added value to the existing technical tracks
- The background and diversity of the session organizers and contributing authors

**Note:** The approval of a special session proposal does not guarantee final acceptance of the special session. Papers submitted to special sessions will undergo a rigorous review identical to that for regular submissions, and thus the final disposition of the session will depend on the outcome of the paper reviews. If a paper nominated for a selected special session is not accepted, it is possible that another paper from among the regular submissions could be substituted in its place.

For any inquiry, please email to
