

## **UNNC - ZUFE Doctoral Training Partnership**

### **Available research areas**

#### **1. Digital Economy**

- Electronic and mobile commerce
- Digital economy and industrial upgrade
- Emerging digital business models, including new retail, entertainment and healthcare sectors
- Data science and intelligent decision-making
- Statistical theory, algorithm, and application based on big data and complex data
- Marketing and consumer behaviour in the Internet environment
- Digital economy and audit value
- Assessment and risk management of urban digital economy development

#### **2. Innovation and Entrepreneurship**

- Innovation and entrepreneurship management
- Private equity and entrepreneurial finance
- Influence of government policy on innovation and entrepreneurship

#### **3. Financial Management and Fintech**

- Artificial intelligence and quantitative investment
- Business intelligence and Internet finance
- Transformation of economic institutions in the emerging markets and corporate financial behaviour
- Economic transformation and optimization of accounting system

#### **4. Organisation and Operations Management**

- Organisation behaviour
- Strategy and operations management
- Corporate social responsibility
- Intelligent supply chain and complex system management

#### **5. Public Management and Smart City**

- Human resource management in public sector
- Urban emergency management based on big data
- City economy and governance
- Environmental protection and green technology

#### **6. Foreign Language and Literature Studies**

- Cross-culture Translation Research
- Women's Literature Translation Research
- Comparative Studies of Chinese and English Languages
- Corpus Linguistics Research
